CAPABILITY STATEMENT

Compass Group Australia is committed to helping clients achieve their sustainability goals through practical, measurable solutions. Our Planet Promise underpins a comprehensive program that integrates responsible sourcing, carbon tracking, waste reduction, and inclusive procurement into everyday operations.

This capability framework outlines the core services and tools we offer to support clients in reducing emissions, improving transparency, and embedding sustainability across their sites. Each initiative is already active within our business and backed by approved suppliers, data-driven reporting, and implementation support.

Whether you're seeking to reduce Scope 3 emissions, transition to circular practices, or engage your teams in climate-conscious operations, Compass Group provides the expertise, infrastructure, and insights to make it happen.
